CHILDREN'S ART EXHIBIT

KID'S
ART

Cooper Shed

The Cooper Shed is a small, rustic building that serves as a gallery for children's art. It is located in the Cooperage area of the farm. The shed is made of dark wood and has a large, open doorway. Inside, there are several tables and chairs, and the walls are covered with children's artwork. The shed is a great place for children to display their art and for parents to see their children's progress.
