Zoom Meeting started at 12:02pm. No members of the public joined.

The Meeting Minutes from May 5th were approved. There will be no meeting in July.

Action Items:

- 1) Lori - Get Eversource bills from DPW so we can calculate ROI on Street Light Upgrades
- 2) Eitan & Eric - Coordinate with Erin to get sensors installed in greenhouse and set up app
- 3) Eric - Figure out if we can lock greenhouse app to preclude inadvertent setup changes
- 4) Eitan - Get access to Solar power website - Complete 8/4
https://enlighten.enphaseenergy.com/pv/public_systems/zg271680630/overview?preview=1
- 5) Eitan - Ask Revision if we are getting credit for the Greenhouse solar power produced
- 6) Eric - Talk to Dave Freel about looking at HBMS electrical panels prior to picking eGauge equipment and install quote

HBMS Greenhouse:

Eric indicated the sensors are with Erin Wright. He will coordinate with her and Eitan to get them installed and set up the associated app. Not sure if we're getting credit for the power being generated. Revision should know.

Street Light Project:

Installation is complete Lori will get the EverSource data to allow ROI calculation.

Municipal Buildings Energy Review:

Town Hall - Eric has installed the Town Hall Emporia unit. He will hand off data collection to Eitan. Need to get the Eversource 30min data and compare it with the Emporia data to find the Demand Charge high point.

HBHS - The eGauge is installed and collecting data. 110kW during the day and 40kW at night which seems high. Mike will coordinate a meeting with John Gray (retiring on 3 June) to see if we can identify the major loads.

HBMS - JW & Eric to talk to Dave Freel about installing eGauge.

HUES - Eric still working with Munters.

Adjourned 12:50pm, Next Scheduled Zoom Meeting: 4 August 2020

Respectfully submitted, Mike Leavitt
