HDC2018-021

The application of George Gagnon, Classic Signs, to install two new business signs, located at 9 Market Place, property owned by Buckley Hollis LLC, Map 052, Lot 031.

Michael Buckley would like approval for two new business signs and additional lighting that was not included within the application. The first sign would be located on the front marquee under the existing Harvest Market Sign. The sign would have a blue background with white letters. The second sign would be located on the front of the building in the same location of the old Bank of America sign. The sign would have a black background with muted gold letters. The additional lighting would be placed over the building sign and would be 2 LED lights 31 inches long. The light would be a muted bronze color and would closely match the two pre-approved new lights located on either side of the entry way.

P. Jones asked if "B" in Buckley's (see depiction in file) was part of his logo. M. Buckley replied yes it mimics a wheat stalk and matches his other buildings, located in Merrimack.

The Historic District Commission had no concerns with the application including the additional lighting.

T. Cook moved to approve the application as submitted including the additional lighting.

J. Waters seconded.
