Benches have been ordered for the fields. They are built when ordered. When complete, they will be shipped. Received a coupon for 10% off our next order.

Hardy South Field is now open. Need to add a few trees to the far end of the field for the abutters and replace a couple of trees that did not survive the spring/summer.

Handicap Parking- Kyle will attend the 8/13/18 meeting with the traffic safety committee. Nichols Field Complex currently has the required handicap parking available.

Need more information for informed decision making.

Horse Ring- Kyle had a discussion with Deb (acting town manager) and the town attorney is reviewing the paperwork regarding the horse ring and the location.

Fields- Still waiting for conceptual plans for the rec field plan. Cannot move forward with the rec committee or the selectmen with out the plans.

On 8/13/18, Kyle will attend the selectmen's meeting to propose moving the flag pole.
