

HOLLIS RECREATION COMMISSION

July 10, 2019

Attendees: Dave Belanger, Jason Bridgeo, Brian Bumpus, Jake Balfour, Robbin Dunn

Field Update: Dave attended a selectmen's meeting and asked for approval to find water sources at the DPW property. Meridian sent information but wants an additional \$3,000.00 to outline the wetlands. At the selectmen's meeting, Dave asked for money to pay for the additional studies for the Stefanowicz property and the DPW property. The rec. commission was told to use it's own budget and send it out to bid by three different companies, which would put the total at \$9,000.00

Geologist say that drilling a well at HBHS would compromise other wells at and near the HBHS property.

DPW is an acceptable location for a rectangular field for the rec. commission.

Stefanowicz is an acceptable location for a rectangular field for the rec. commission.

MOTION by Dave Belanger, 2nd by Jason Bridgeo; The recreation commission deems the DPW as an acceptable location for a rectangular field based upon the fact that there are no other viable locations.

APPROVED

The proposal to send out bids for the DPW location is Tabled.
