

HOLLIS RECREATION COMMISSION

January 6, 2021

Attendees via Zoom: Brian Bumpus, Dave Belanger, Susan Benz, Robbin Dunn, Jake Balfour, Russ Rogers, Jason Bridgeo

Meeting was opened at 7:05pm.

Old Business: Asplundh trucks that are parked at the Hardy North parking lot are currently working in town. They have a couple of more weeks worth of work and then the trucks should be gone from the parking lot.

Field Update: Test Pits, DPW has asked about taking over the project. DPW completed building a ramp onto the property after Thanksgiving and Capital Well was planning to come out in December.

It is now the beginning of January and we are still waiting for Capital Well. There may be some miss communication between Capital Well/DPW and Rec. Dig safe if coming 1/7/21 or 1/8/21. Tests pits will be the week of 1/11/21. We are moving in the right direction.

The Recreation Commission reviewed the annual report for the 2020 Town Report.

Facilities Upgrade: Ideas:
Sand Volleyball Courts
Re-vamp the irrigation
Ice Rink

The Recreation Commission does have a Field and Facilities account. Just will depend on the quotes to see how much the rec commission can accomplish.

MOTION to close the meeting at 7:45pm by Jake Balfour, 2nd by Russ Rogers. APPROVED

Next meeting will be 2/4/21 via ZOOM

Submitted by Robbin Dunn
