Old Business:

HB Cal Ripken got a contractor in and made many repairs. Holes have been patched, siding replaced, replaced doors and sales window on the snack shack. Work done on irrigation. More work needs to be done, including dugout repairs. There is money in the budget for some repair work and was approved in the 2021 season.

All activities are up and running.

Softball is interested in holding winter workouts. Considering the Westwood YMCA (the new Nashua branch) for batting cage time, etc. Brian will see what they are looking at for schedule, times, cost, etc. and figure out the details. Will discuss at next meeting, including what money is available in the softball rec. account.

Budget:

Most line items are similar except for the facilities improvements. Brian and/or Dave will attend the select board meeting on November 8, 2021.

There are continuing questions of who is responsible for what scope of work on the town fields.
