### OTHER RECYCLING OPPORTUNITIES

The Stump Dump on Depot Road accepts all yard waste, branches and stumps from Hollis domiciles free of charge. There is a charge for painted wood or other debris from remodeling. Ask attendants at either location for details. Commercial haulers may be subject to fees.

Another option for Hollis's residents is to set up a backyard compost area. A place in your yard is all that you need. Put all of your yard waste and kitchen trimmings (avoid meat as it will attract animals) into this pile and with a little care, you will have wonderful compost for your garden.

**DUMP STICKERS ARE REQUIRED. SEE ATTENDANTS.**
