  - Severe Obesity (body > 40 kg/m)
  - Pregnancy
  - Sickle cell disease
  - Other High Risk Pulmonary Disease
  - Type 2 Diabetes Mellitus
- Family caregivers of medically vulnerable populations at risk for COVID-19 mortality (must be older than age 16)
- People with developmental and intellectual disabilities living in group settings *Feb/March
- Correctional facility staff * Feb/March
- Frontline healthcare workers, first responders and residents/staff of long term care facilities not already vaccinated

What do I do to get vaccinated?
Starting January 22, 2021 you can go to www.vaccines.nh.gov to see if you qualify and pre-register. It is recommended that you check with your primary care doctor prior to receiving the vaccine if you have significant pre-existing conditions. Vaccination administration for this group will start January 26, 2021.
