

The Town of Hollis Fire Department invites any qualified excavation company to submit a quote for the rehabilitation of two fire ponds located at Orchard Drive and Mendelssohn.

The scope of the work would require the:

- *Excavation and Removal of trees, brush, stumps and fencing.
- *Excavation of silt and muck from the ponds and removal of it.
- *Loam if necessary, seed and mulch all disturbed areas

The wire from the fencing can be removed and disposed of at the Town Transfer Station

The stumps can be disposed of at the Town Stump Dump.

No dumping fees will be required.

The fire department may be available to assist pumping down the ponds, this is only if they are available on the day requested.

No permits will be required to be obtained from the contractor.

This quote shall be submitted no later than December 1st, 2018

Any questions may be directed to Chief Rick Towne at (603) 465-6001 or fire@hollisnh.org
